## 1. DEFINITIONS

In this Policy, unless the context indicates otherwise, a word or expression, to which a meaning has been assigned in the Municipal Finance Management Act (MFMA) No. 56 of 2003, has the same meaning:

**Accounting officer** - means the Chief Executive Officer of the South Coast Tourism and Investment Enterprise.

**Entity** - for the purpose of this Policy it means shortened name for South Coast Tourism and Investment Enterprise

**Approved Budget** - means an annual budget approved by the Board of Directors; or approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution, and includes such an annual budget as revised by an adjustments budget in terms of section 28;

**Board** - means the Board of Directors of South Coast Tourism and Investment Enterprise;

**Budget-Related Policy** - means a policy affecting or affected by the annual budget of the Entity;

**Capital Budget** - This is the estimated amount for capital items in a given fiscal period. Capital items are fixed assets such as facilities and equipment, the cost of which is normally written off over a number of fiscal periods;

**Manager: Finance, HR and Administration** - means the Manager: Finance, HR and Administration of South Coast Tourism and Investment Enterprise;

**Financial year** - means a 12-month year ending 30 June;

**Line Item** - an appropriation that is itemised on a separate line in a budget adopted with the idea of greater control over expenditures;

**Operating Budget** - it is a financial plan which outlines proposed expenditures for the financial year and estimates of revenues that finance them;

**Parent Municipality** – means Ugu District Municipality

**Virement** - is the process of transferring an approved budget allocation from one operating line item or capital project to another, with the approval of the relevant Manager. To enable budget managers to amend budgets in the light of experience or to reflect anticipated changes;

## 2. BACKGROUND

2.1 Virement is the process of transferring funds from one line item of a budget to another. The term is derived from a French word meaning a commercial transfer.

2.2 Each year, the Entity produces an annual budget which must be approved by the Board taking into account any hearings or recommendations of the Council of the parent municipality. In practice, as the year progresses, circumstances may change so that certain estimates are under-budgeted and others over-budgeted due to unforeseen expenditure (for example, due to the occurrence of disasters), savings and reduced revenue projected. As a result, it becomes necessary to transfer funds between votes and line items. It is not practical to refer all transfers between line items within a specific vote to the Board, and as the Local Government: Municipal Finance Management Act ("MFMA") is largely silent as to such transfers, it is necessary to establish a policy which governs the administrative transfer between line items.

## 3. PURPOSE

3.1 The purpose of this Policy is therefore to provide a framework whereby transfers between line items within votes of the operating budget may be performed with the approval of certain officials.

3.2 To allow limited flexibility in the use of budgeted funds to enable management to act on occasions such as disasters, unforeseen expenditure or savings, etc. as they arise to accelerate service delivery in a financially responsible manner.

#### **4. APPLICATION OF THIS POLICY**

4.1 This Policy applies only to transfers between line items within votes of the Entity's operating budget.

4.2 This Policy shall not apply to transfers between or from capital projects or items and no such transfers may be performed under this Policy.

4.3 Any deviation from or adjustment to an annual budget or transfer within a budget which is not specifically permitted under this Policy or any other policy may not be performed unless approved by the Board through an adjustments budget.

#### **5. FINANCIAL RESPONSIBILITIES**

5.1. Strict budgetary control must be maintained throughout the financial year in order that potential overspendings within individual departments are identified at the earliest possible opportunity, (Section 10 MFMA). The Manager: Finance, HR and Administration has statutory duty to ensure that adequate policies and procedures are in place to ensure effective financial control system. The virement process is one of these controls.

5.2. It is the responsibility of each Head of Department/Senior Manager to which funds are allocated in terms of the section 78 of the MFMA, to exercise financial management by planning and conducting assigned operations so as not to spend more funds than budgeted. In addition, they have the responsibility to identify and report any irregular or fruitless and wasteful expenditure in terms of section 102 of the MFMA. A virement must not be an excuse for not planning properly.

#### **6. AUTHORISATION OF VIREMENTS**

6.1. A transfer of funds from one line item to another under this Policy may, subject to the provisions of this Policy, be authorised as follows:

6.1.1. If the amount does not exceed R30 000, the transfer may be authorised by the Manager: Finance, HR and Administration of the Entity in consultation with the Accounting Officer of the Entity;

6.1.2. If the amount exceeds R30 000 but does not exceed R200 000, the transfer may be authorised by the Accounting Officer after consultation with the Board Chairperson;

6.1.3. If the amount exceeds R200 000 but does not exceed R1000 000, the transfer may be authorised by the Board of the Entity.

#### **7. LIMITATIONS ON AMOUNT OF VIREMENT**

7.1 Notwithstanding the provisions of section 6:

7.1.1 The total amount transferred from and to line items within a particular vote in any financial year may not exceed [50 %] (the amount available after actual and committed expenditure is accounted for) of the amount allocated to that vote;

7.1.2 The total amount transferred from and to line items in the entire budget in any financial year may not exceed [80%] of the total operating budget for that year;

7.1.3 The amount of any one transfer of funds between line items may not exceed the sum of R200 000.

7.2 A transfer which exceeds, or which would result in the exceeding of, any of the limits referred to in 7.1 above may, however, be performed if the Board by resolution approves thereof.

### 8. FURTHER RESTRICTIONS ON VIREMENT

- 8.1 A transfer of funds between line items shall not be permitted under this Policy if the effect thereof would be to:
- 8.1.1 contravene any policy of the Entity; and
  - 8.1.2 alter the approved outcomes or outputs of the Entity's Development Plan;
- 8.2 No transfer of funds shall be permitted if same were to result in any change to the staff establishment of the Entity, except if the Accounting Officer approves of such change.
- 8.3 If any line item has been specifically ring-fenced, no transfer of funds may be made under this Policy to or from such line item.
- 8.4 Transfers of funds may not be made under this Policy between or from capital items or projects.
- 8.5 To the extent that it is practical to do so, transfers within the first three months and the last month of the financial year should be avoided.
- 8.6 By definition, transfers may not be made under this Policy from a line item administered by one department to a line item administered by another.
- 8.7 In accordance with Section 30 of the MFMA, no transfer of funds may be made from a line item of a budget for a particular year to a line item of a budget for a subsequent year.
- 8.8 The transfer of funds in any year in accordance with this Policy shall not give rise to any expectations of a similar transfer occurring in a subsequent year.
- 8.9 No transfer of funds shall be made if such transfer would constitute a transgression or contravention of any statute, regulation or other law, any policy, directive or guideline binding upon the Entity, or the avoidance by the Entity of any obligation imposed upon it by contract or any other cause.
- 8.10 The approval of any transfer shall not *per se* constitute expenditure authority, and all expenditure resulting from approved transfers must, to the extent that same is applicable, be carried out in accordance with the Entity's Supply Chain Management Policy.
