1. INTRODUCTION

In terms of section 96 of the Municipal Finance Management Act, the accounting authority of a public entity is responsible for the management, including the safe guarding of the assets and for the management of the revenue, expenditure and liabilities of the Public Entity.

Cash is one of the assets prone to high risk in SCTIE as some transactions may be of such small value that their resulting payments should be made by cash. As a result, it is important for SCTIE to have a policy and procedures to safeguard itself against the misuse of cash.

The purpose of petty cash is to pay for small day-to-day requirements of SCTIE, like tea, sugar and milk for Staff and Board Members.
